A few months later, after experiencing symptoms of exposure to these toxins, he collapsed at work with a seizure and was taken to a hospital emergency room. He was diagnosed with malignant brain cancer and died in 2014. 2. I request all the LBNL and DOE records regarding Mr. Sullivan, including emails and memoranda and correspondence referencing his exposure, illness, disability leave, and death. 3. I request all the LBNL and DOE records showing when the wearing of a radiation dosimeter at all times became required practice, and why this practice was mandated. It is my understanding that it was not a required practice before Mr. Sullivan's exposure. 4. I request all LBNL and DOE audits or investigations or reports on workplace exposure to radiation and manganese dioxide at the LBNL from 2010 to the present. 5. I request the settlement agreements of all lawsuits naming LBNL and/or DOE regarding harm from exposure to radiation or manganese dioxide at the LBNL from 2010 to the present.
